

# Infrastructure Investment and Jobs Act fund allocation by state

The \$1.2 trillion Infrastructure Investment and Jobs Act (IIJA) contains \$550 billion in new spending over the next five years that state and local governments can access to rebuild the nation's roads, bridges and rails; provide high-speed internet access to all; address the climate crisis; invest in underserved communities; and more. However, each state will receive a different share of formula funds, depending on factors such as population or state size. Following is a breakdown of how IIJA formula grants will break down state by state.

## Alabama:

**Roads and bridges:** \$5.2 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$400 million

**EVs:** \$79 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$23 million for wildfire protection and \$19 million for cybersecurity

**Water:** \$782 million

**Airports:** \$140 million

## Alaska:

**Roads and bridges:** \$3.4 billion for highways and \$225 million for bridges

**Transportation:** \$362 million

**EVs:** \$52 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$19 million for wildfire protection and \$11 million for cybersecurity

**Water:** \$368 million

**Airports:** \$392 million

## American Samoa:

**Roads and bridges:** \$24 million, with the opportunity to compete for \$7.5

billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$7.5 million

**Broadband:** Minimum of \$25 million

**Resilience:** \$2.5 million for cybersecurity

**Water:** \$35 million

**Airports:** \$6 million

## Arizona:

**Roads and bridges:** \$5 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$884 million

**EVs:** \$76 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$38 million for wildfire protection and \$17 million for cybersecurity

**Water:** \$619 million

**Airports:** \$348 million

## Arkansas:

**Roads and bridges:** \$3.6 billion for highways and \$278 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16

billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$246 million

**EVs:** \$54 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$23 million for wildfire protection and \$16 million for cybersecurity

**Water:** \$528 million

**Airports:** \$117 million

## California:

**Roads and bridges:** \$25.3 billion for highways and \$4.2 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$9.5 billion

**EVs:** \$384 million, with the opportunity to apply for \$2.5 billion in grant funding dedicated to EV charging

**Broadband:** Minimum of \$100 million

**Resilience:** \$84 million for wildfire protection and \$40 million for cybersecurity

**Water:** \$3.5 billion

**Airports:** \$1.5 billion

### Colorado:

**Roads and bridges:** \$3.7 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$916 million

**EVs:** \$57 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$35 million for wildfire protection and \$16 million for cybersecurity

**Water:** \$688 million

**Airports:** \$432 million

### Connecticut:

**Roads and bridges:** \$3.5 billion for highways and \$561 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.3 billion

**EVs:** \$53 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$6.4 million for wildfire protection and \$13 million for cybersecurity

**Water:** \$445 million

**Airports:** \$62 million

### Delaware:

**Roads and bridges:** \$1.2 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$220 million

**EVs:** \$18 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$2 million for wildfire protection and \$11 million for cybersecurity

**Water:** \$355 million

**Airports:** \$246 million

### District of Columbia:

**Roads and bridges:** \$1.1 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.2 billion

**EVs:** \$17 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$10 million for cybersecurity

**Water:** \$355 million

### Florida:

**Roads and bridges:** \$13.1 billion for highways and \$245 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$2.6 billion

**EVs:** \$198 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$26 million for wildfire protection and \$29 million for cybersecurity

**Water:** \$1.6 billion

**Airports:** \$1.2 billion

### Georgia:

**Roads and bridges:** \$8.9 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.4 billion

**EVs:** \$135 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$22 million for wildfire protection and \$24 million for cybersecurity

**Water:** \$913 million

**Airports:** \$619 million

### Guam:

**Roads and bridges:** \$95 million, with the opportunity to compete for \$7.5 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$11 million

**Broadband:** Minimum of \$25 million

**Resilience:** \$2.5 million for cybersecurity

**Water:** \$30 million

**Airports:** \$30 million

### Hawaii:

**Roads and bridges:** \$1.2 billion for highways and \$339 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$312 million

**EVs:** \$18 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$4 million for wildfire protection and \$11 million for cybersecurity

**Water:** \$390 million

**Airports:** \$246 million

### Idaho:

**Roads and bridges:** \$2 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$192 million

**EVs:** \$30 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$24 million for wildfire protection and \$13 million for cybersecurity

**Water:** \$355 million

**Airports:** \$86 million

**Illinois:**

**Roads and bridges:** \$9.8 billion for highways and \$1.4 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$4 billion

**EVs:** \$149 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$27 million for wildfire protection and \$22 million for cybersecurity

**Water:** \$1.7 billion

**Airports:** \$616 million

**Indiana:**

**Roads and bridges:** \$6.6 billion for highways and \$401 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$680 million

**EVs:** \$100 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$20 million for wildfire protection and \$20 million for cybersecurity

**Water:** \$751 million

**Airports:** \$170 million

**Iowa:**

**Roads and bridges:** \$3.4 billion for highways and \$432 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$305 million

**EVs:** \$51 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$21 million for wildfire protection and \$15 million for cybersecurity

**Water:** \$638 million

**Airports:** \$120 million

**Kansas:**

**Roads and bridges:** \$2.6 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$272 million

**EVs:** \$40 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$25 million for wildfire protection and \$14 million for cybersecurity

**Water:** \$454 million

**Airports:** \$109 million

**Kentucky:**

**Roads and bridges:** \$4.6 billion for highways and \$438 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$391 million

**EVs:** \$69 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$19 million for wildfire protection and \$18 million for cybersecurity

**Water:** \$647 million

**Airports:** \$204 million

**Louisiana:**

**Roads and bridges:** \$4.8 billion for highways and \$1 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$470 million

**EVs:** \$73 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$20 million for wildfire protection and \$17 million for cybersecurity

**Water:** \$580 million

**Airports:** \$179 million

**Maine:**

**Roads and bridges:** \$1.3 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$234 million

**EVs:** \$19 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$10 million for wildfire protection and \$13 million for cybersecurity

**Water:** \$390 million

**Airports:** \$74 million

**Maryland:**

**Roads and bridges:** \$4.1 billion for highways and \$409 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.7 billion

**EVs:** \$63 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$7.9 million for wildfire protection and \$15.9 million for cybersecurity

**Water:** \$844 million

**Airports:** \$158 million

**Massachusetts:**

**Roads and bridges:** \$4.2 billion for highways and \$1.1 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$2.5 billion

**EVs:** \$63 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$5.8 million for wildfire protection and \$15.7 million for cybersecurity

**Water:** \$1.1 billion

**Airports:** \$244 million

### Michigan:

**Roads and bridges:** \$7.3 billion for highways and \$563 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1 billion

**EVs:** \$110 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$23 million for wildfire protection and \$24 million for cybersecurity

**Water:** \$1.3 billion

**Airports:** \$363 million

### Minnesota:

**Roads and bridges:** \$4.5 billion for highways and \$302 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$818 million

**EVs:** \$68 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$20 million for wildfire protection and \$17 million for cybersecurity

**Water:** \$680 million

**Airports:** \$297 million

### Mississippi:

**Roads and bridges:** \$3.3 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$223 million

**EVs:** \$51 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$19 million for wildfire protection and \$16 million for cybersecurity

**Water:** \$429 million

**Airports:** \$99 million

### Missouri:

**Roads and bridges:** \$6.5 billion for highways and \$484 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$674 million

**EVs:** \$99 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$21 million for wildfire protection and \$19 million for cybersecurity

**Water:** \$866 million

**Airports:** \$246 million

### Montana:

**Roads and bridges:** \$2.8 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$157 million

**EVs:** \$43 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$23 million for wildfire protection and \$12 million for cybersecurity

**Water:** \$355 million

**Airports:** \$143 million

### Nebraska:

**Roads and bridges:** \$2 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$186 million

**EVs:** \$30 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$16.8 million for wildfire protection and \$12.7 million for cybersecurity

**Water:** \$358 million

**Airports:** \$111 million

### Nevada:

**Roads and bridges:** \$2.5 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$459 million

**EVs:** \$38 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$8.6 million for wildfire protection and \$12 million for cybersecurity

**Water:** \$403 million

**Airports:** \$293 million

### New Hampshire:

**Roads and bridges:** \$1.1 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$125 million

**EVs:** \$17 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$5.6 million for wildfire protection and \$12.4 million for cybersecurity

**Water:** \$418 million

**Airports:** \$45.6 million

### New Jersey:

**Roads and bridges:** \$6.8 billion for highways and \$1.1 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$4.1 billion

**EVs:** \$104 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$15 million for wildfire protection and \$17 million for cybersecurity

**Water:** \$1 billion

**Airports:** \$272 million

### **New Mexico:**

**Roads and bridges:** \$2.5 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$366 million

**EVs:** \$38 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$38 million for wildfire protection and \$13 million for cybersecurity

**Water:** \$355 million

**Airports:** \$90 million

### **New York:**

**Roads and bridges:** \$11.6 billion for highways and \$1.9 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$9.8 billion

**EVs:** \$175 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$34 million for wildfire protection and \$28 million for cybersecurity

**Water:** \$2.6 billion

**Airports:** \$685 million

### **North Carolina:**

**Roads and bridges:** \$7.2 billion for highways and \$457 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$910 million

**EVs:** \$109 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$32 million for wildfire protection and \$27 million for cybersecurity

**Water:** \$1.1 billion

**Airports:** \$460 million

### **North Dakota:**

**Roads and bridges:** \$1.7 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$109 million

**EVs:** \$26 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$21 million for wildfire protection and \$11 million for cybersecurity

**Water:** \$355 million

**Airports:** \$94 million

### **Northern Marina Islands:**

**Roads and bridges:** \$24 million, with the opportunity to compete for \$7.5 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$7 million

**Broadband:** Minimum of \$25 million  
**Resilience:** \$2.5 million for cybersecurity

**Water:** \$24 million

**Airports:** \$30 million

### **Ohio:**

**Roads and bridges:** \$9.2 billion for highways and \$483 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.2 billion

**EVs:** \$140 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$26 million for wildfire protection and \$25 million for cybersecurity

**Water:** \$1.4 billion

**Airports:** \$253 million

### **Oklahoma:**

**Roads and bridges:** \$4.3 billion for highways and \$266 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$349 million

**EVs:** \$66 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$18 million for wildfire protection and \$16 million for cybersecurity

**Water:** \$520 million

**Airports:** \$137 million

### **Oregon:**

**Roads and bridges:** \$3.4 billion for highways and \$268 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$747 million

**EVs:** \$52 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$39 million for wildfire protection and \$25 million for cybersecurity

**Water:** \$529 million

**Airports:** \$211 million

### **Pennsylvania:**

**Roads and bridges:** \$11.3 billion for highways and \$1.6 billion for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$2.8 billion

**EVs:** \$171 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million  
**Resilience:** \$49 million for wildfire protection and \$26 million for cybersecurity

**Water:** \$1.4 billion

**Airports:** \$355 million

**Puerto Rico:**

**Roads and bridges:** \$900 million for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$456 million

**EVs:** \$13.6 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$2 million for wildfire protection and \$12 million for cybersecurity

**Water:** \$455 million

**Airports:** \$102 million

**Rhode Island:**

**Roads and bridges:** \$1.5 billion for highways and \$242 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$272 million

**EVs:** \$23 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$2 million for wildfire protection and \$10.9 million for cybersecurity

**Water:** \$378 million

**Airports:** \$45 million

**South Carolina:**

**Roads and bridges:** \$4.6 billion for highways and \$274 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$366 million

**EVs:** \$70 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$15 million for wildfire protection and \$18.3 million for cybersecurity

**Water:** \$510 million

**Airports:** \$161 million

**South Dakota:**

**Roads and bridges:** \$1.9 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$124 million

**EVs:** \$29 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$19.6 million for wildfire protection and \$11.7 million for cybersecurity

**Water:** \$355 million

**Airports:** \$82 million

**Tennessee:**

**Roads and bridges:** \$5.8 billion for highways and \$302 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$630 million

**EVs:** \$88 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$17 million for wildfire protection and \$21 million for cybersecurity

**Water:** \$697 million

**Airports:** \$300 million

**Texas:**

**Roads and bridges:** \$26.9 billion for highways and \$537 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$3.3 billion

**EVs:** \$408 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$53 million for wildfire protection and \$42 million for cybersecurity

**Water:** \$2.9 billion

**Airports:** \$1.2 billion

**Utah:**

**Roads and bridges:** \$2.4 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$623 million

**EVs:** \$36 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$19 million for wildfire protection and \$13 million for cybersecurity

**Water:** \$360 million

**Airports:** \$181 million

**Vermont:**

**Roads and bridges:** \$1.4 billion for highways and \$225 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$77 million

**EVs:** \$21 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$6 million for wildfire protection and \$12 million for cybersecurity

**Water:** \$355 million

**Airports:** \$28 million

**U.S. Virgin Islands:**

**Roads and bridges:** \$95 million, with the opportunity to compete for \$7.5 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$30 million

**Broadband:** Minimum of \$25 million

**Resilience:** \$2.5 million for cybersecurity

**Water:** \$37 million

**Airports:** \$30 million

**Virginia:**

**Roads and bridges:** \$7 billion for highways and \$537 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.2 billion

**EVs:** \$106 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$15 million for wildfire protection and \$21 million for cybersecurity

**Water:** \$738 million

**Airports:** \$386 million

**Washington:**

**Roads and bridges:** \$4.7 billion for highways and \$605 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$1.8 billion

**EVs:** \$71 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$39 million for wildfire protection and \$18 million for cybersecurity

**Water:** \$882 million

**Airports:** \$385 million

**West Virginia:**

**Roads and bridges:** \$3 billion for highways and \$506 million for bridges, with the opportunity to compete for the \$12.5 billion Bridge Investment Program for economically significant bridges and nearly \$16 billion for major projects that will deliver substantial economic benefits to communities

**Transportation:** \$190 million

**EVs:** \$46 million, with the opportunity to apply for \$2.5 billion in grant funding

**Broadband:** Minimum of \$100 million

**Resilience:** \$11 million for wildfire protection and \$14 million for cybersecurity
